Supplier name – Nanosonics UK Limited
Publication date – 25 September 2026

Commitment to achieving Net Zero

Nanosonics UK Limited is committed to achieving Net Zero emissions by 2050 or earlier across its UK operations.

Baseline emissions footprint (FY25)

Emissions	Total (tCO2e)
Scope 1	0
Scope 2	1
Scope 3 (included sources)	213
Total emissions	**214**

Emissions reduction target

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets for our UK boundary operations:

- For our scope 1, 2 and 3 emissions for our UK boundary operations: Net Zero by 2050 or earlier

Carbon reduction projects

- To meet our near term 2050 scope 1, 2 & 3 target, we aim to: Procure 100% renewable electricity in our operations
- Investigate and optimise our Freight and Logistics

Declaration and sign off

This Carbon Reduction Plan has been completed in accordance with UK Government Procurement Policy Note (PPN 006) and associated guidance. Our emissions have been reported in our annual Sustainability report in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate government emission conversion factors for greenhouse gas company reporting Scope 1 and Scope 2 emissions, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard. It is noted that in order to achieve the Net Zero commitment, Nanosonics UK Limited may purchase carbon offsets.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors.

Signed on behalf of Directors of Nanosonics UK Limited:

……
Michael Kavanagh
